

# LITTLE FIRE ANT INFESTATION ON OAHU

Little Fire Ant – Source DLNR Hawaii.Gov

## **STOP The spread of Little Fire Ants in Hawaii**

Kuhio Lions Club is hosting speakers from:

*Hawaii Ant Lab* regarding this very important subject regarding the current outbreak of little fire ants on Oahu. They're almost in every neighborhood and has taken front stage of environmental importance.

### Guest Speakers are:

**Matt Kema** from Hawaii Ant Lab, based out of the Dept of Agriculture.

**Erin Bishop** from Oahu Invasive Species Committee (OISC)

The introduction of Little Fire Ant (LFA) on the Big Island has surpassed all control efforts....Hence, all efforts to eradicate are now focused on Oahu, Maui & Kauai.

*We ask all fellow lions to jointly work together for our community & be proactive for this cause.*

## March 9, 2020 6:00PM

Ala Wai Golf Club Restaurant, 404 Kapahulu Ave., Hon, HI

KUHIO LIONS CLUB OF HONOLULU
