## PRESIDENT'S MESSAGE

Fellow Lions:

We are rapidly approaching the Holiday season. Our club has many things going on and it is easy to feel overwhelmed. I know this because the stock market has created many challenges for me at work on top of it all this year. Lionism is all about helping. We need to remember to ask when we need it and give it when we can. This will be our first post-Covid holiday season [hopefully] and I look forward to being able to have all the activities we had in the past. Let's make it a great year!

CHEERS!!

## GOD BLESS THE USA

**Song by Lee Greenwood**

If tomorrow all the things were gone  
 I worked for all my life  
 And I had to start again  
 With just my children and my wife

I thank my lucky stars  
 To be living here today  
 'Cause the flag still stands for freedom  
 And they can't take that away

And I'm proud to be an American  
 Where at least I know I'm free  
 And I won't forget the men who died  
 Who gave that right to me  
 And I'd gladly stand up next to you  
 And defend Her still today  
 'Cause there ain't no doubt

I love this land  
 God Bless the U.S.A.

From the lakes of Minnesota  
 To the hills of Tennessee  
 Across the plains of Texas  
 From sea to shining sea

From Detroit down to Houston  
 And New York to L.A.  
 Where's pride in every American heart  
 And it's time we stand and say that

**I'm proud to be an American  
 Where at least I know I'm free  
 And I won't forget the men who died  
 Who gave that right to me**

And I'd gladly stand up next to you  
 And defend Her still today  
 'Cause there ain't no doubt  
 I love this land  
 God Bless the U.S.A.

**And I'm proud to be an American  
 Where at least I know I'm free  
 And I won't forget the men who died  
 Who gave that right to me**

And I'd gladly stand up next to you  
 And defend Her still today  
 'Cause there ain't no doubt  
 I love this land  
 God Bless the U.S.A.

## LION DEANNA STARINIERI HIGHLIGHTS MACROBIOTIC DIET

Lion Deanna, a registered nurse, presents a wholistic view of physical-mental-emotional-spiritual well-being through Macrobiotic Diet. Lion Harvey, extreme right, is engrossed in Macrobiotics handouts. *Photo by Lion John Ochoco*

*“Macrobiotics embraces behavior, thought, breathing, exercise, relationships, customs, cultures, ideas, and consciousness as well as individual and collective ways of life throughout the world. It is not mainly a diet, although that is how people are usually introduced to this way of life. It means the universal way of life which man developed biologically, psychologically, and spiritually, and with which we will maintain our health, happiness, and peace.”*

Lion DeAnna correlated the premise of Macrobiotics with yin-yang chi, electromagnetism, universal law of opposites, scientific sources of energy, and multiple physical restorations experienced by Macrobiotics founder, George Ohsawa [1893-1966].

“Standard Macrobiotic Way of Eating” says, “Macrobiotics diet is not a rigid, but rather an adjustable diet according to sex, age, environment, season, activity level, health conditions, personal needs, and enjoyment.

Some “good” foods mentioned were brown rice, whole wheat, miso, daikon, mustard greens, onions, kale, nori, walnuts, sea salt, homemade pickles, and dozens more. “Good,” “okay,” and “questionable” foods were listed in the handouts.

Kanten, hailed as key to reducing obesity and Diabetes II, evoked additional information from locals with Asian cultural backgrounds.

Following Lion DeAnna's presentation on physical-mental-spiritual health, Lions appropriately close the meeting with “I've got the Lions Spirit up in my head, here in my heart, and all over me!” *Photos by Lion Joanne Ochoco*

## WELCOME, LION ALAN FAYE

Lion Carol Cacatian-Mapue did the honors of welcoming Lion Alan into the club with a red lei.

## Facts about Wailua Municipal Golf Course you should already know:

- Wailua Municipal Golf Course was established as a nine-hole golf course in 1930's. Designer was Toyo Shirai.
- Ripley's Believe It or Not in 1950's: "It's the only golf course in the world with railroad tracks running through it." *The editor rode a train right through the golf course from Ahukini Landing to Wailua Bridge. It will never happen again, as the railroad tracks are gone.*
- The golf course opened up to eighteen holes in 1961.
- The **back nine** was the original golf course. The **front nine** was laid out in Marine Camp, later on the Kaua'i County fairground with a one-mile horse racing track, a quarter-mile motor sports track, and military Quonset huts that Kaua'i County Fair concessionaires used. The land was big enough for two par 3, five par 4, and two par 5 holes for par 36 to go with back nine's par 36 for a standard 72-par golf course. Fortuitous!!

## PROJECT CHAIR'S MUSINGS ON WORKING AT AN INTERNATIONAL EVENT

Today was the first day. It went smoothly. Each morning, the players arrive by bus. They pick up their golf bags from the shut-down secured restaurant. Two people get the name of the player to give to strong persons to get his golf bag. So we will need at least two strong persons to locate the correct golf bag to give to the players. This is the only hectic time. Twenty people at a time will be wanting their golf bags, but only one or two can be handled at a time.

We need one or two people who understand golf scoring to go on course and report back the scores. A golf scoring instrument is used.

You are issued pocketed bibs to wear and afterwards to keep, along with vouchers for lunch. Drinks are available for purchase. Bring your own water if you prefer.

At the end of the day, the rush is on again to store the golf bags. Another hectic time.

Most of the day is mellow. The Tokiokas are VERY ORGANIZED AND NICE, very pleasant working with them!

I appreciate your help! It's a fun and educational experience! And the Secretary of each club can submit reports to LCI showing 300 people benefitted, plus lots of volunteer hours.

If you're into recycling HI-5, golden opportunity. Bring bags and prepare to recycle! The course doesn't have recycling receptacles, so many empties go into the trash. Opportunity for a thousand bottles!  $1000 \times 0.05 =$  pretty good fund raiser.

Parking is easy. The players come on buses so that ample parking is available. Easy on and off.

No need to go into the pro shop; we're in back of it. Park and walk around the building; you'll see everything.

Ok, that's all the helpful hints that come to my mind.

Lion Helena Cooney, Secretary  
Zone World Deaf Golf Tournament Support Chair
